

SUMMARY

Versatile Web Developer with 3 years of professional experience in **JavaScript, React, Node.js, HTML, and CSS**. Proficient in coding standards, version control, and agile methodologies. Experienced in designing and implementing UI solutions that enhance user experience and drive business growth. Demonstrated ability to collaborate effectively across teams to deliver high-quality, scalable, and performance-driven solutions.

EDUCATION

Gudlavalleru Engineering College

Bachelor's Degree in Information Technology
2018 – 2022
CGPA: 9.15

SKILLS

- **Programming Languages:**
 - Python
 - JavaScript (ES6+)
- **Frontend:**
 - HTML/CSS
 - React
 - UI Frameworks: Ant Design, Bootstrap.
- **Backend:**
 - Node.js
 - Express
- **Databases:**
 - MongoDB
 - Postgres SQL
- **Development Tools:**
 - Version Control: Git.
 - Package Management: npm.
 - Build Tools: Webpack, Babel.
- **Testing:**
 - Unit Testing: Jest, Mocha.
 - Integration Testing: React Testing Library.
- **Other:**
 - TypeScript
 - Json Schema Form
 - Jsonata

LANGUAGES

- English
- Telugu

PROFESSIONAL EXPERIENCE

Product Development Engineer

Phenom Pvt.Ltd | January 2022 - Present

- Directed client onboarding, utilizing advanced integration strategies for rapid deployment.
- Engineered an advanced form management system to streamline data organization, leading to higher operational efficiency and client satisfaction
- Enhanced Form Studio UI, implementing user-centered filtering and features to boost engagement and reduce deployment time
- Developed and implemented a migration tool for seamless transition of old data to new structures, ensuring data integrity and streamlined processes
- Customized tenant-specific database configurations with an intuitive user interface, enhancing flexibility in managing database configurations across clients
- Spearheaded 'Simpl Forms,' an AI-powered tool for digital form creation, setting new standards in form creation.
- Increased overall product quality through meticulous design reviews and thorough testing procedures.
- Managed risk assessments throughout the development process to proactively address potential issues or delays in production schedules.
- Implemented continuous improvement initiatives, achieving significant product performance improvements and reduced load times

Intern

Smart Internz | May 2021 - July 2021

- Gained valuable experience working within specific industry, applying learned concepts directly into relevant work situations.
- Analyzed problems and worked with teams to develop solutions.
- Contributed to a positive team environment by collaborating with fellow interns on group projects and presentations.
- Explored new technologies and approaches to streamline processes.
